It works in the background, causing little disruption in your work It schedules a full system scan when you are least busy.. But you can also run scans on demand, or automatically (via a scheduler), to detect any malware which may have penetrated your defences.. Microsoft Security Essentials 4.0 is the latest release of Microsoft's lightweight, straightforward antivirus tool.. But for the most part, once you've spent a minute or two browsing the Settings dialog you'll probably be able to leave MSE alone, perhaps even forget it's there: this isn't the type of program to get in your way.
